

OFFICE OF THE DIRECTOR

Dear Student:

Welcome to The University of Tulsa!

The purpose of this letter is to inform students about a very important issue to consider for protecting your health while attending The University of Tulsa.

We are pleased to make available the Student Health Insurance Plan underwritten by Monumental Life Insurance Company. Please review your health insurance plan to determine the adequacy of its coverage. Many students are no longer eligible for medical insurance under their family plan or are covered by an HMO or managed health care system that does not pay for medical expenses outside of the area network. For your information, a brochure explaining the student health insurance is enclosed. It is an affordable alternative for students who are in need of medical coverage. Please review the policy and be aware of the benefits and exclusions. If you have any questions regarding the program, please contact me at (918) 631-2241 or Kelley Hinkle at (918) 747-4100.

Sincerely

A handwritten signature in cursive script that reads "Jan Grabow".

Jan Grabow
Director of Alexander Student Health Center
