ELIGIBILITY

All non-immigrant international students admitted to the University are eligible. They are automatically enrolled in this plan at registration and the premium for Student Only coverage is included in their tuition billing. Students must be physically and actively attending classes on campus to enroll in the Plan. On-line students or distance learning students taking home study, correspondence, or television courses are not eligible to enroll in this Plan.

Eligible students who have other comparable coverage must provide proof to the University International Student Division within 4 weeks after the start of Fall and Spring Semesters respectively or within 2 weeks after start of Summer Term. If approved by the University, and if no claim has been incurred, a premium refund will be made by the Plan Administrator.

Eligible students who are insured by this Plan may enroll their eligible dependents in the Plan. Dependents must enroll in the plan when the student first enrolls in the Plan, and must enroll for the same coverage as the student. The insured student may also add dependents within 30 days of: marriage, involuntary loss of other coverage, birth or adoption of child, or the date the dependent enters the USA.

Eligible dependents are any of the following persons who reside with the insured student in the USA: the Insured student's spouse, and unmarried dependent children and grandchildren who are not yet 24 years old (older if incapable of self-support due to mental or physical incapacity).

EFFECTIVE AND EXPIRATION DATES

The Master Policy begins at 12:01 A.M. on August 15, 2008 and ends at 12:01 A.M. on August 19, 2009. An eligible student's coverage conditionally begins at 12:01 A.M. on the later of: the Master Policy effective date, or three days before the start of the academic term at which the student is eligible provided that the required premium is received and no authorized refund occurs. International Student and dependent coverage becomes effective on the later of: the Policy Effective Date; the first day of the term for which the proper premium has been paid, or 12:01 A.M. following the date the envelope containing the completed Enrollment Form and proper premium for the period of coverage is postmarked by the U.S. Postal Service.

Coverage of students and dependents ends at 12:01 a.m. on the earliest of the following dates: (a) the date premium is due but not received; (b) the date of the student's non-medical withdrawal from the University, if within 31 days after the start of the academic term for which registered; or (c) the Master Policy's termination date.

Newborn children will be covered at birth until 31 days old or until well enough to be discharged from the hospital, if the Plan Administrator is notified within 30 days of birth and received proper premium.
